

Office Hours – Single Cell Biology

Cassandra Adams, Ph.D.

UCSF, Manager Single-Cell Analysis Center

Robert Durruthy-Durruthy, Ph.D.

Fluidigm, Field Applications Scientist

Every first Thursday of the month starting January 12th 2017

2:00pm – 4:00pm drop in anytime

Single-Cell Analysis Center (SCAC), S854

Discuss your current and/or future single cell biology projects while enjoying a cup of coffee

Learn more about the most recent single-cell applications and how they can advance your own research

Single-cell atlasing versus single-cell characterization – Understand the differences and what it means for your own scientific discovery process
